

AG[®]

SECURITY GROUP

A guarding service you can simply rely on.

We pride ourselves on our ability to deliver significant projects all while maintaining the personalised approach of a boutique security agency. Our security and patrol officers are rigorously selected, undertaking extensive training to ensure exceptional, professional service each and every time.

At AG Security Group, we understand that security and patrol services make up one part of any project and we believe it is our 'turnkey', seamless solution that sets us apart.

Call AG Security Group on 08 8231 0411 and get instant access to:

Qualified personnel

Business as usual
All of our team members hold the current, required industry-standard certifications.

AG best-practice
We invest in further training which ensures our personnel can meet our clients wide-ranging needs, every time.

Value for money

Business as usual
AG Security Group works across all regions of South Australia and around the country.

AG best-practice
Our business is strategically modelled to balance exceptional service quality, cost efficiency, and easy-to-deal-with professionalism.

Excellence in safety

Business as usual
It goes without saying that security is all about safety. We never miss working through our checklist before each shift, ensuring any risks to a safe working environment are properly mitigated.

AG best-practice
AG Security Group has recorded zero lost time injuries year on year despite having worked more than 140,000 hours annually.

Seamless integration

Business as usual
We pride ourselves on being open, friendly and easy to work with, taking control of project establishment requirements so you don't have to.

AG best-practice
Our team is accessible 24/7, available within the hour, and in some cases – such as our SA Water Contracts – have already completed the inductions needed to commence work on site immediately.

Our licenced security and patrol officers are available within the hour and accessible 24/7. We look forward to working with you on your next project.
